ENVIRONMENT FRIENDLY MATERIALS

It uses composite wood material, like plain particle board which is made from wood chips and resin. Resin makes the wood particles bond together into a strong and durable material that provides design flexibility to manufacture panels of varied shapes and sizes.

ENVIRONMENT FRIENDLY PROCESSES

All the glues used in manufacturing Work are VOC free hot melt glues which reduce hazardous fumes during its manufacture.

RECYCLED MATERIALS

We use and promote recycled materials in the products as well as in its packaging.

Pre-consumer Recycled Content : 2%
Post-consumer Recycled Content : 5%

LOW EMITTING MATERIALS

Available as an option.

END OF LIFE

The product is designed to maximize its recyclability by making use of carefully selected materials and easy dismantling with simple hand tools. Godrej Interio, through its Recycling Programme "WECYCLE", supports safe and environmental friendly ways to recycle the product.
